

c:geo
Android GeoCaching

Martin:Prudek

prudemar@fel.cvut.cz

About c:geo

- Geocaching app for Android
- View caches on a Live Map
- Use Google Maps or OpenStreet Maps
- Highly extensible, able to communicate with external apps eg. Radar, Google Navigation, StreetView, Locus
- Available on GooglePlay

Contribution c:geo

- Mark GK as lost
- No progress
- No suitable API function from GK library

Thank:you:for:your:attention
