▶ Mentored bugs – good for beginners (marked with label „good first bug")

▶ Contributor creates patch -> mentor review changes -> mentor commits into codebase

My contribution

- My work is to fix bug (Bug 1127139)

  - BounceAnimator (for making fine-tuned bounce animations) is not proper Animator so it cannot be chained with an AnimatorSet

  - Changing BounceAnimator to a BounceAnimatorBuilder should fix this issue

Thank you for your attention
