# About PocketHub

- GitHub client application for Android
- In the past developed by GitHub
- Now released to the community and maintained as a public project
- Still **not** available on Google Play

# Technical parameters

- A native Android application, which heavily uses the system WebView
- Used programming languages:
  - JavaScript (53.5 %)
  - Java (46.2 %)
  - XML for UI and resources
- Automatic builds on Travis CI

# Project organization

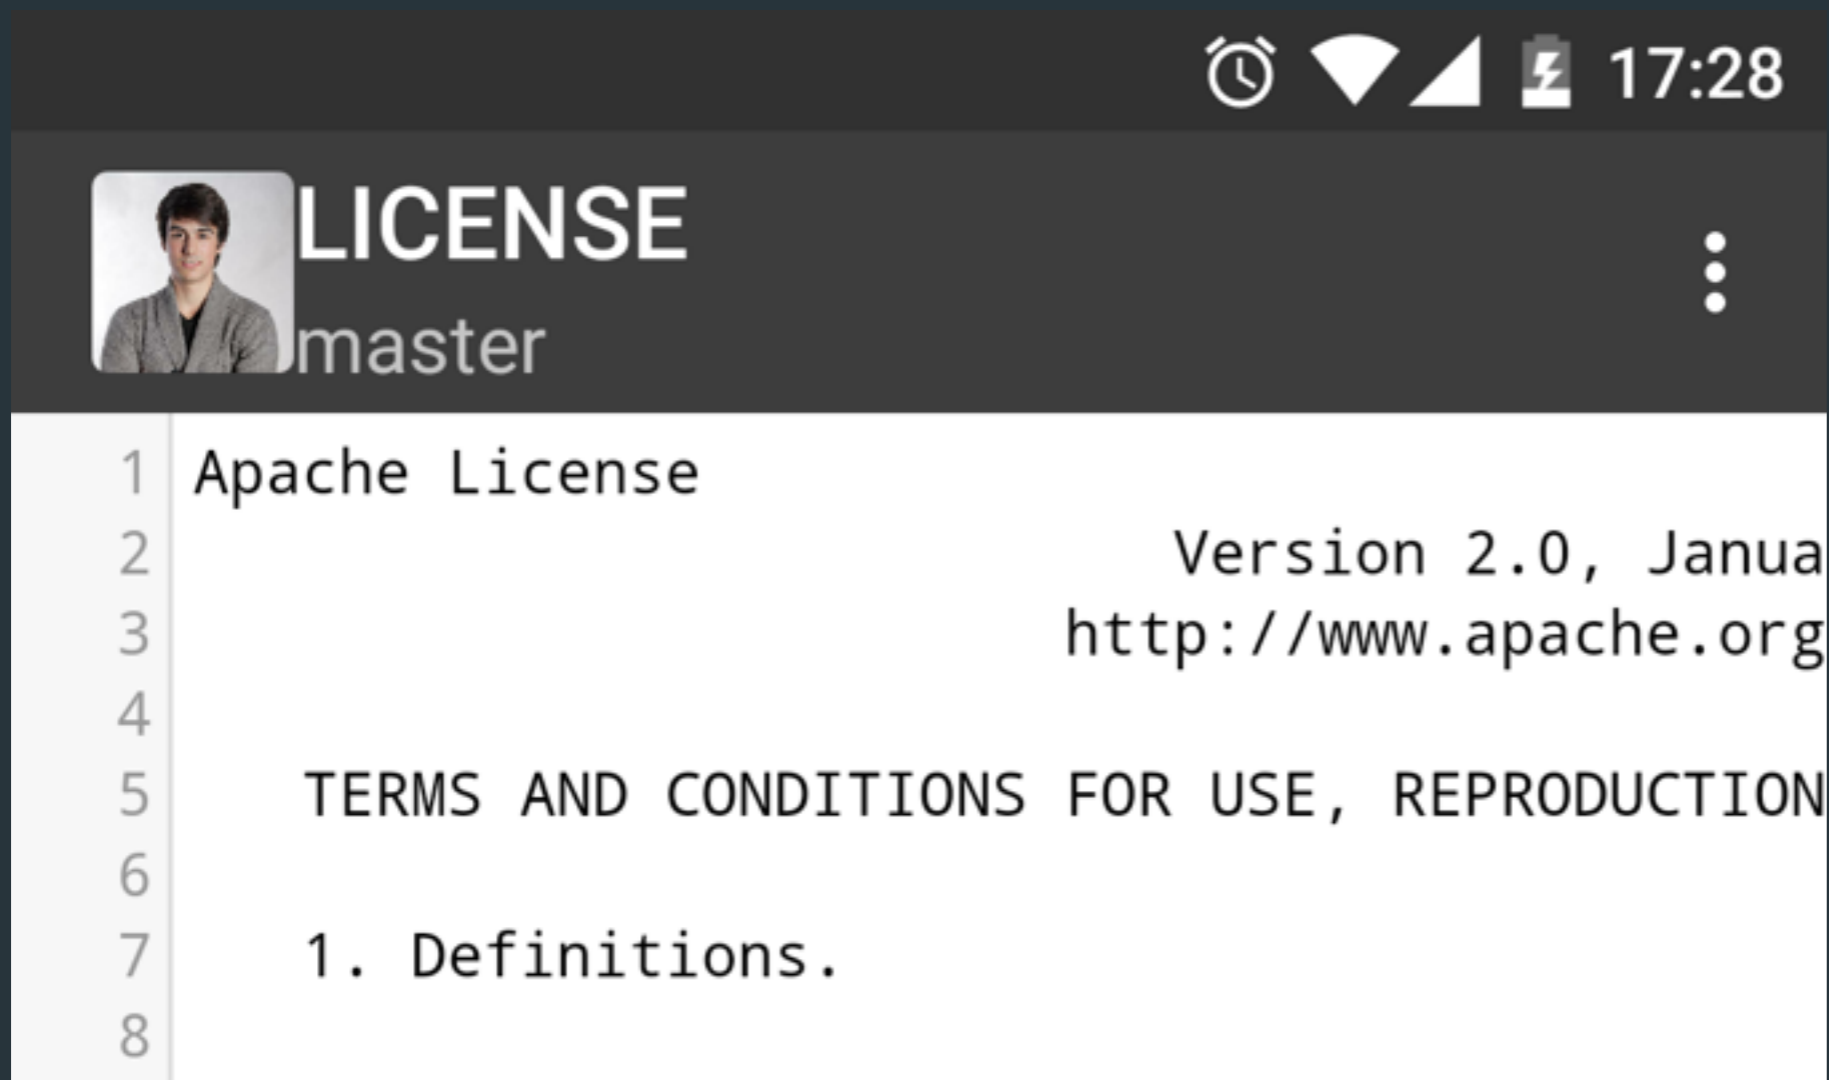

- Project hosted on GitHub:
  - source code
  - issue tracker
  - wiki
- 4 maintainers and 153 contributors
- 3006 commits
- 442 pull requests
- Active communication with maintainers

# My contributions

- Fix problems in **master** branch resulting in build failure on Travis CI
- Update deprecated libraries
- Fix issue #983 - Add some space between title and avatar

# Issue #983

- Missing padding between the avatar and titles

# Issue #983

- Missing padding between the avatar and titles
