STRUČNÉ PŘIPOMENUTÍ ZADÁNÍ

The screenshot displays a Jira issue tracking interface. At the top, there is a search bar and an 'Add filter' dropdown. Below this is a table with columns: Priority, Subject, Assignee, % Done, Due date, Total estimated time, and Overall spent time. The table contains several rows, with the last row highlighted in blue. A context menu is open over the '% Done' field of the highlighted row, showing options like Edit, Status, Tracker, Priority, Target version, Assignee, % Done (selected), Watch, Log time, Copy, and Delete. The '% Done' option is expanded to show a progress bar and percentage values (0%, 10%, 20%, 30%, 40%). To the right of the table, there is a sidebar with 'Issues' and 'Agile charts' sections. The sidebar includes links for 'View all issues', 'Summary', 'Gantt', 'Import', 'Agile board', 'Version planning', 'Issues burndown', and 'My custom queries'. Below the sidebar, there are two cartoon illustrations: a brown owl on the left and a grumpy orange cat on the right.
