

Apache Storm

Oleg Ostashchuk

My contribution

[Issue - STORM-710]

- When running some of bin/storm commands, it outputs:

```
Running: Library/Java/JavaVirtualMachines/jdk1.7.0_51.jdk/Contents/Home/bin/java -client -Dstorm.options= -
Dstorm.home=/Users/schintalapani/build/apache-storm-0.10.0-SNAPSHOT -Dstorm.log.dir=/Users/schintalapani/build/apache-
storm-0.10.0-SNAPSHOT/logs -Djava.library.path=/usr/local/lib:/opt/local/lib:/usr/lib -Dstorm.conf.file= -cp
/Users/schintalapani/build/apache-storm-0.10.0-SNAPSHOT/lib/asm-4.0.jar:/Users/schintalapani/build/apache-storm-0.10.0-
SNAPSHOT/lib/carbonite-1.4.0.jar:/Users/schintalapani/build/apache-storm-0.10.0-SNAPSHOT/lib/chill-java-
0.3.5.jar:/Users/schintalapani/build/apache-storm-0.10.0-SNAPSHOT/lib/clj-stacktrace-0.2.7.jar:/Users/schintalapani/build/apache-
storm-0.10.0-SNAPSHOT/lib/clj-time-0.8.0.jar:/Users/schintalapani/build
```

...

- This is distracting from actual output of a command and should be removed

My contribution - results

- Long distracting outputs have been removed
- New command line flag added:
 -v (--verbose)
- Commands run with '-v' flag print original long output
- Results checked and passed the tests

My contribution - results

My contribution - experience

- Experience with Maven
(Building project from sources)
- Experience with contribution on project's
Git repository

Thank you for your attention!
