Zurmo.

open source CRM

Filip Šamánek

About Zurmo

- Open source CRM (Customer Relationship Management)
- Web application
  - PHP, MySQL, JavaScript
- Application use:
  - PHP framework Yii
  - Database layer RedBeanPHP
  - JavaScript framework jQuery

Development

- Started on 2011
- Using Git repository
- Hosted on **Atlassian Bitbucket**

- Communication is through bitbucket
- Core team is 12 programmers

My contribution

- Fix bugs
  1. First name and Last name accepts spaces
  2. Creating a note in the API fails
  3. Campaign Tracking Error – bad tracking URL

Thank you for your attention
