

Play Framework

Václav Legát

A4M35OSP

About

- Open source web application framework
- Applications written in java or scala
- Uses SBT build tool
- Uses Scala-based template engine
- Build in test framework – tests run in browser
- Documentation is written in Markdown format
 - code samples extracted from compiled, run and tested source files
- Apache License, Version 2.0

History

- 2007 – created by Guillaume Bort
 - Internal project in Zenexity
- October 2009 – Play 1.0
 - First official release on Launchpad
- November 2010 – Play 1.1
 - Moved from Launchpad to GitHub
- March 2012 – Play 2.0
 - Framework core rewritten to scala, start using SBT
- February 2015 – Play 2.3.8

Organization

- Issues tracked on GitHub
- 18 core developers
- 396 contributors (March 2015)
- Mailing list – 11 000+ members

➤ My contribution

- To solve issue #1625
 - Java documentation for changeLang method

 [playframework](#) / [playframework](#)

changeLang lacks Java documentation #1625

 **Open** smola opened this issue on 9 Sep 2013 · 3 comments

smola commented on 9 Sep 2013

Play 2.1.x Java i18n docs lack documentation about `Controller.changeLang`.
