

Android-obd-reader

Roman Kubů

What is OBD2

- Car diagnostic
- ELM 327 Bluetooth

What you can find out

- Vehicle speed
- Calculated engine load value
- Throttle position
- Engine coolant temperature

About project

- Starts in 2010
- Apache License 2.0
- Android
- From Google code to Github
- Lead developer **Paulo Pires**
- Github `Android-obd-api`

My work

- Diagnostic Trouble Codes
- Adding reader for DTC

Thanks for attention
