

# Miranda bug fix – issue 1695

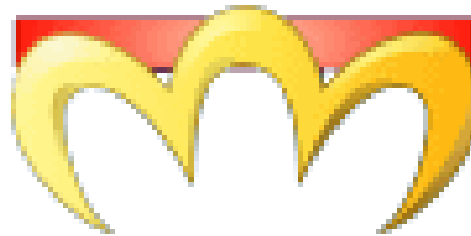

Jakub Bokšanský

boksajak@fel.cvut.cz

28.2.2013

# Miranda IM

- Open-source instant messenger for Windows
- Support of many protocols
  - ICQ, Jabber, MSN, Yahoo, Gadu Gadu, IRC, ...
- Plugin-based:
  - Over 300 plugins
- Hosted on googlecode

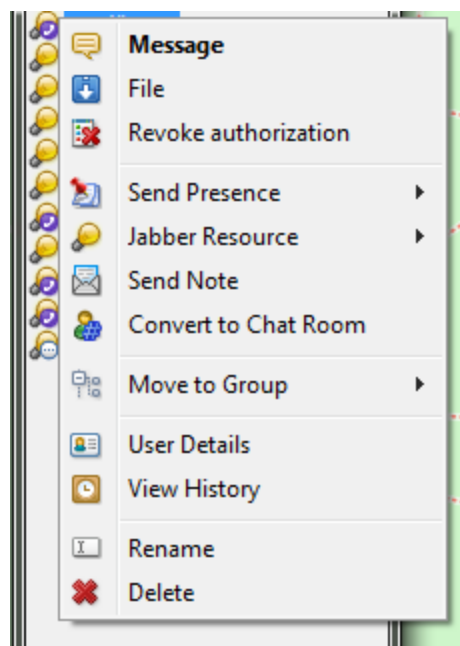

# Goal

- Fix issue 1695 „Jabber; state always "on the phone" with not the real status or statusmessage“
  - Cannot read status or status message of mobile contacts (contacts using client applications for mobile devices)
  - <http://code.google.com/p/miranda/issues/detail?id=1695>

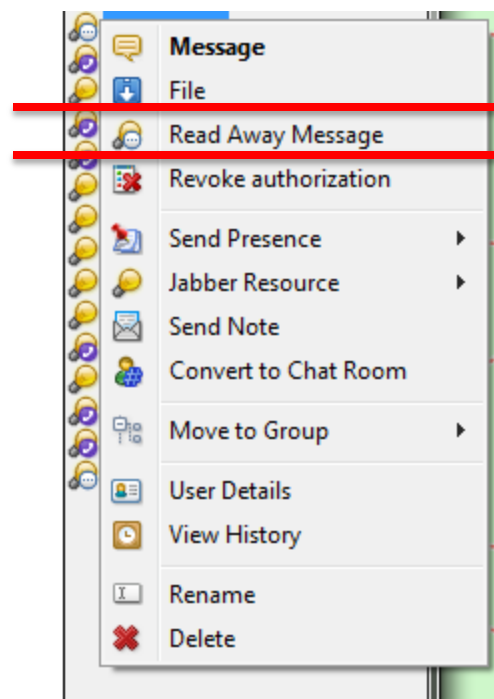

# Issue 1695

- Current behaviour

Button missing

- Expected behaviour

Button present

# Development tools

- Googlecode source host and issue tracker
- Subversion
- Patch submission to mailing list (as a SVN diff)
- Visual Studio 2010 – C++
