# TaskCluster Mozilla

TaskCluster indexing service

JOSEF VESELÝ
veseljo5@fel.cvut.cz

TaskCluster

▶ Platform that Mozilla has developed for running tasks.

▶ **The task index** provides a service that indexes successfully completed tasks.

Development

- Started on 8/31/2014
- Code hosted on Github
- Programming language: JavaScript
- 4 developers

My contribution

- Default index entry expiration to task.expires (when indexed from route) ???????????????????

- [good first bug] :-)

Progress so far

- Obtain taskcluster credentials

- Running & passing tests

Thank you for your attention!
