- Fix issue #983

The screenshot shows a mobile application interface. At the top right, there are status icons for an alarm, Wi-Fi, signal strength, and battery, along with the time 17:28. Below this is a header bar with a profile picture of a man, the text "LICENSE" in large bold letters, and "master" below it. To the right of the header is a vertical ellipsis menu icon. The main content area displays a license file with line numbers 1 through 8 on the left. The text of the license is as follows:

```
1 Apache License
2                                     Version 2.0, January 2004
3                                     http://www.apache.org/licenses/
