

# Password Safe Translation Final Presentation

DAVID LUKSCH

[LUKSCDAV@FEL.CVUT.CZ](mailto:LUKSCDAV@FEL.CVUT.CZ)

# Password Safe - reminder

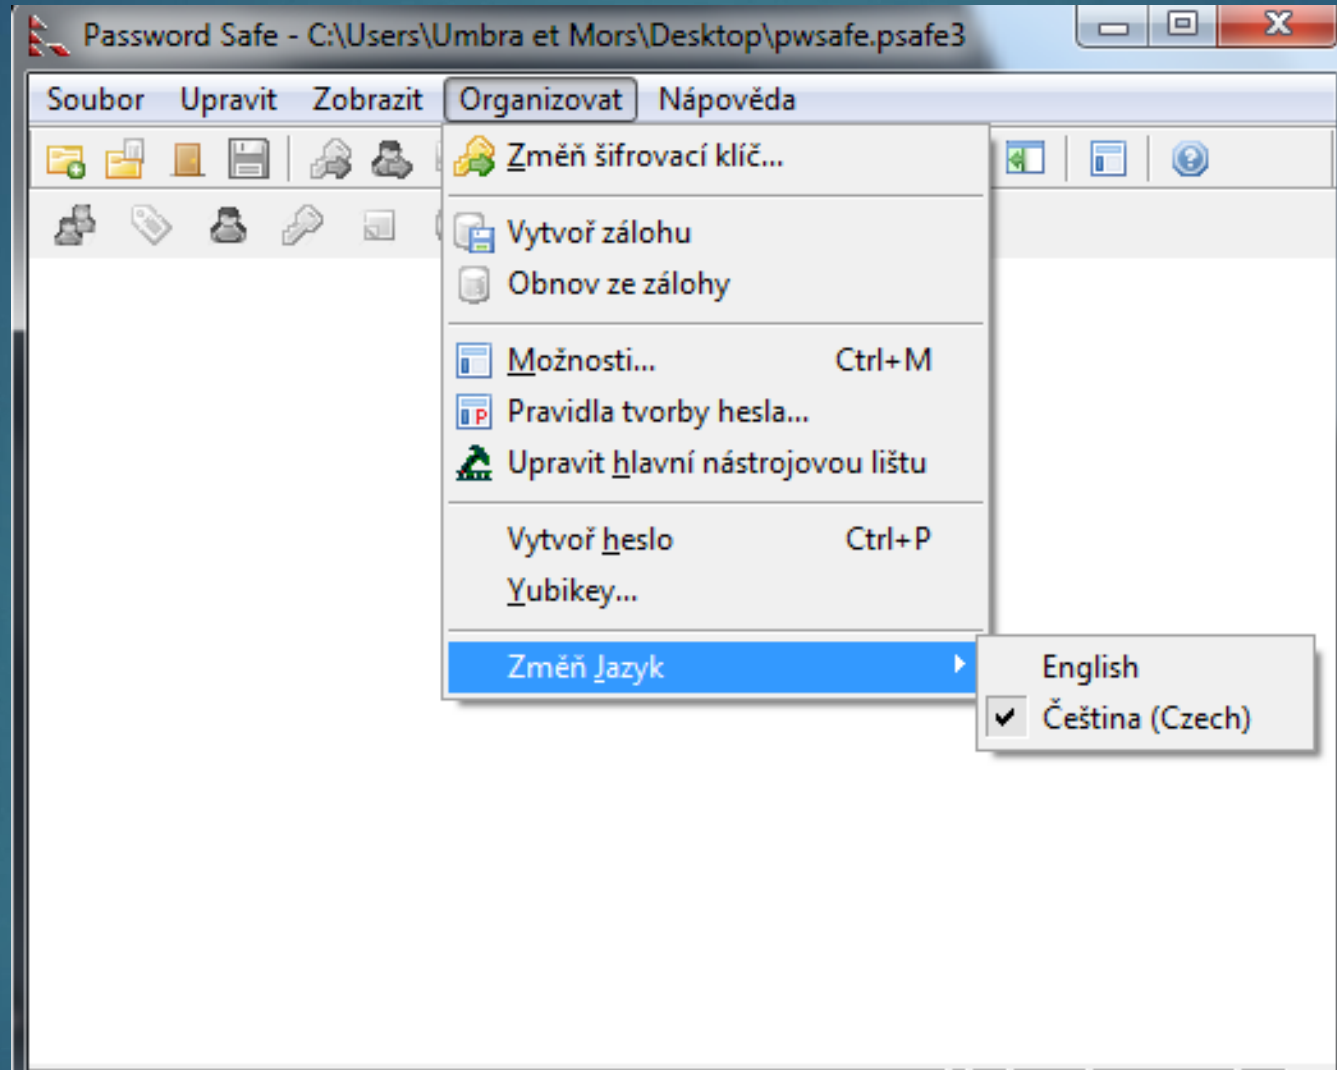

- ▶ Powerful password manager for Windows
- ▶ Writtent in C/C++
- ▶ AutoType feature
- ▶ YubiKey support
- ▶ Independent ports for iOS and Android available

# History - reminder

- ▶ Hosted on SourceForge
- ▶ First open source release in 2002
- ▶ Development slowed in 2012
- ▶ Currently cca. 60 commits/month
- ▶ Translation separated from the code

# My Contribution & Experience

- ▶ Completed Czech app translation
  - ▶ Poedit translation platform
- ▶ Created Czech installer translation
  - ▶ Doesn't use Poedit → uses different char encoding
- ▶ Translation pipeline
  - ▶ Mailing list for translators not public for some reason
  - ▶ One of the developer manages translators
  - ▶ Quick respond times despite the development slowdown

Thank you for your attention.
